

Hi there!

Instead of completing this paper form, you can

ADD STUDENTS ONLINE AT
www.mathcounts.org/reg

It's way better (seriously). Here's why:

- 1** **It saves you money.** Using this offline form will result in a **\$15 processing fee.**
- 2** **Every form of payment** is accepted online! **Credit card?** Easy and secure via Stripe. **Purchase Order?** Just tell us the P.O. number. **Check?** Just tell us the check's in the mail.
- 3** **You know your info is accurate.** We do our best, but it's always better for names, emails, addresses, etc. to be entered into our system by you.
- 4** **It makes us happy.** 😊 We're a 10-person staff, so when you add students online, it means we can spend more time on things like improving our free resources, writing competitions and supporting our volunteers.

Thank you!
