

Creating a Coach Account and Using Your Coach Portal on the AoPS Contest Platform

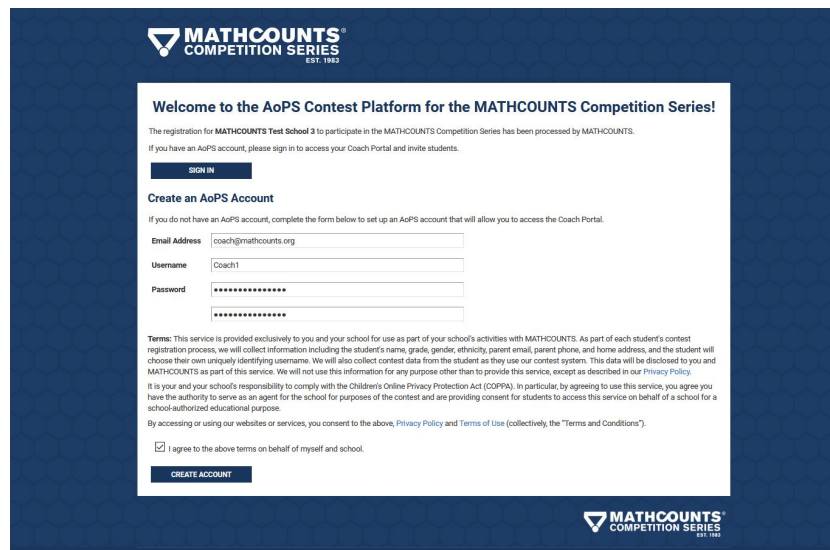

Now that you have registered your school or student for the MATHCOUNTS Competition Series, there are just a couple more steps to complete so your students can access MATHCOUNTS practice and official competitions on the AoPS Contest Platform.

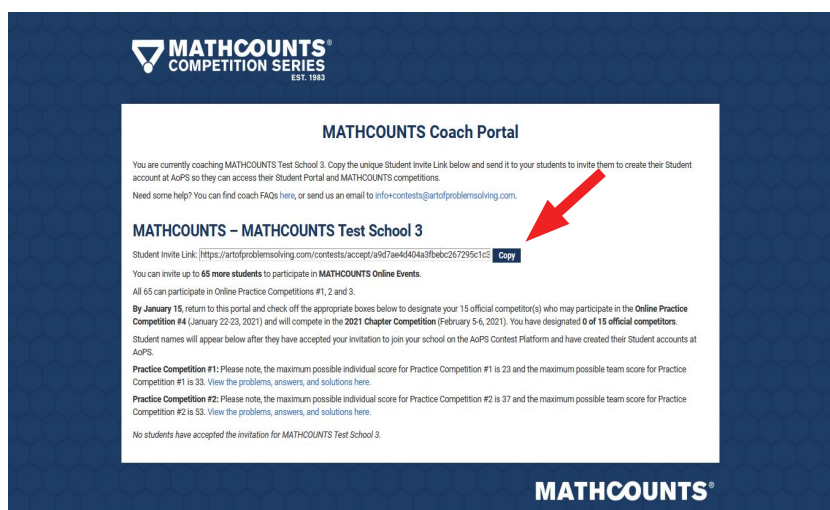

1. Shortly after registering, you will receive an email from info+contests@artofproblemsolving.com inviting you to join the AoPS Contest Platform. Click on the link within the email to accept your invitation on the AoPS website.

2. At www.aops.com, enter a username and password to create your coach account, or if you already have an AoPS account, sign in using your existing username and password.

3. Copy the Student Invitation Email Link listed on your Coach Portal and email it to any students you would like to invite to join your school on the Contest Platform. You can invite your **registered competitors** (the number you paid to register; between 1-15) plus **additional students** (up to 50). All students (registered and additional) may participate in the first three Practice Competitions. Only registered competitors are eligible to participate in Practice Competition #4 and the Chapter Competition.

4. From your Coach Portal you have the ability to:

- View a list of the students who have created student accounts and joined your school on the Contest Platform.
- Select the students (between 1-15) who will represent the school in Practice Competition #4 and the Chapter Competition.
- View your students' results from MATHCOUNTS practice and official competitions.
- Create teams of 4 students to participate in unofficial Team Rounds on the practice competitions.
- View problems, answers and solutions for MATHCOUNTS competitions.

MATHCOUNTS Coach Portal

You are currently coaching MATHCOUNTS Test School 3. Copy the unique Student Invite Link below and send it to your students to invite them to create their Student account at AoPS so they can access their Student Portal and MATHCOUNTS competitions.

Need some help? You can find coach FAQs [here](#), or send us an email to info+contests@artofproblemsolving.com.

MATHCOUNTS – MATHCOUNTS Test School 3

Student Invite Link: <https://artofproblemsolving.com/contests/accept/a9d7ae4d404a3fbbc267295c1c3> Copy

You can invite up to **61 more students** to participate in **MATHCOUNTS Online Events**.

All 65 can participate in Online Practice Competitions #1, 2 and 3.

By January 15, return to this portal and check off the appropriate boxes below to designate your 15 official competitor(s) who may participate in the **Online Practice Competition #4** (January 22-23, 2021) and will compete in the **2021 Chapter Competition** (February 5-6, 2021). You have designated **4 of 15 official competitors**.

Student names will appear below after they have accepted your invitation to join your school on the AoPS Contest Platform and have created their Student accounts at AoPS.

Practice Competition #1: Please note, the maximum possible individual score for Practice Competition #1 is 23 and the maximum possible team score for Practice Competition #1 is 33. [View the problems, answers, and solutions here.](#)

Practice Competition #2: Please note, the maximum possible individual score for Practice Competition #2 is 37 and the maximum possible team score for Practice Competition #2 is 53. [View the problems, answers, and solutions here.](#)

Official	Name	Username	P1	P2	P3	P4	Chapter				
<input checked="" type="checkbox"/>	Chris B	MCStudent1		36.00						Remove Student	Update Password
<input checked="" type="checkbox"/>	J Doe	MCStudent4								Remove Student	Update Password
<input checked="" type="checkbox"/>	Jane D	MCStudent3								Remove Student	Update Password
<input checked="" type="checkbox"/>	John D	MCStudent2								Remove Student	Update Password

Teams

Team member #1 is the "team leader" for each team that will be able to start the contest for their team and enter answers.

#	Member 1	Member 2	Member 3	Member 4	P1	P2	P3				
1	Chris B	J Doe	Jane D	John D						Edit Team	Remove Team
